L-3 Security & Detection Systems Launches Chinese-Language Website

WOBURN, Mass., September 29, 2010 – L-3 Security & Detection Systems announced today that it has launched a new Chinese-language website with information about products, solutions and the latest company news.

“We have invested in the new website to enhance communication with Chinese-speaking customers across Asia,” said Thomas M. Ripp, president of L-3 Security & Detection Systems. “Over the past few years, we have made significant advances in the Asia-Pacific region, specifically in North Asia. We look forward to expanding in this important and growing region, and forging new relationships with the help of the newly launched website.”

The Chinese-language site can be directly accessed by visiting www.sds.L-3com.com/ch and is also available from the company’s English-language site. L-3 Security & Detection Systems has a large installed base in Asia supported by offices throughout the region, with major locations that include Beijing, China; Tampines, Singapore; Kowloon, Hong Kong; Taipei, Taiwan; Inchon, South Korea; and Haryana, India.

About L-3 Security & Detection Systems

With a broad range of systems and technology and an installed base of more than 20,000 systems worldwide, L-3 Security & Detection Systems offers screening technologies for numerous security applications, including aviation systems for hold baggage explosives detection and checkpoint screening, cargo and air freight screening, port and border inspection, and facility protection. L-3 Security & Detection Systems’ customer base includes the U.S. military and numerous government agencies, major airports and airlines, national and local authorities, and high-risk commercial enterprises throughout the world. To learn more about L-3 Security & Detection Systems, please visit the company's website at www.L-3com.com/sds.
